## SHAREHOLDERS & CLIENTS,

What a difference a year makes! This time last year we found ourselves hunkered down as the global pandemic reared its ugly head, and uncertainty reigned. Now, thankfully vaccines are available and we are emerging anew; the world and our economy are recovering.

The 1st quarter of 2021 for ABB was an absolute success. Total assets grew by 46% between 03/30/20 and 03/30/21 to \$3.7 billion. Total loans, excluding PPP, increased by \$3.9 million during the same time period which is quite small but compared to our peers, it represents excellent growth in challenging circumstances. Total deposits increased 49% year over year, or \$1.1 billion, largely due to our clients' participation in PPP. It's notable, however, that the Bank's growth in deposits from new client acquisition was strong at approximately \$250 million.

Our net income for the 1st quarter of 2021 was \$8.9 million, an increase of 84% or \$4.1 million over prior year quarter. This substantial increase was largely from PPP participation and the associated fees.

These outstanding numbers are directly attributable to the reopening of our economy, our fantastic clients, who are the envy of every bank in Southern California, and our outstanding staff.

A word to the staff — Thank you for your impressive resiliency combined with your unending devotion to ABB. It's these attributes of which we are most proud.

To our clients — Thank you for enabling us to be your Bankers and for your loyalty.

At your service,
